

Home Learning Project: The Tudors

Year 4's first topic will be The Tudors. A great way to learn about The Tudors and have an understanding before the lessons, is to complete some fun activities. Choose a few or complete them all!

Cooking or baking:

With help from parents/carers, produce a traditional Tudor meal, e.g. Pottage or Gingerbread. Copy out the recipe and take a photo of your meal.

Building:

Build your own Tudor house. You could use Lego; cardboard boxes; junk modelling; playdough, or anything else you can think of!

Performance:

Plan and perform a song and/or dance from The Tudor times. Record it for us to watch.

Drawing:

Sketch one of Henry VIII's wives. You have six to choose from!

Computing:

Research The Tudors, then create your own quiz on PowerPoint for us to play when we return back to school!

Literacy:

Create a poster about The Tudors. Use bullet points to record key information and remember to make your poster eye-catching!
